Sir,

FILM CENSORSHIP

Enclosed is a copy of a news report of 28th July about proposed modernisation of the British system of film ~~and~~ video classification and censorship. Please note that we would like an input to the formulation of any changes. Since this involves State censorship of material for consenting adults, democratic consultation is imperative.

We would also like clarification of reports that responsibility for films and video recordings may soon be transferred from the Home Office to the newly renamed Department of Culture.

Yours for freedom of expression,

Clr E Goodman
