Dear Norman Godman,

RE: FILM & VIDEO CENSORSHIP

Thank you for your letter of the 3rd November and enclosures. The issue has become topical. I enclose Press reports about the Home Secretary's recent decision to make British censorship even more oppressive. Basically I would like to know why. Can you help? The Home Office will not give reasons, as can be seen from their short letter to me of the 12th August, a copy of which was sent to you.

Yours for freedom of expression,

Cllr E Goodman
