Dear Sir,

YOUR FREEDOM OF SPEECH CAMPAIGN

We would like to be involved in this campaign, which is very topical in view of the recent instructions by the Home Secretary, Jack Straw, to the British Board of Film Classification to impose stricter censorship of 18R material despite the fact that it is only available through licensed sex-shops.

We enclose a copy of the draft Sexual Freedom Bill presented to the Home Secretary in June and ignored by him in favour of more censorship. Leading politicians of both main Parties continue to steadfastly believe in the old addage "No Sex Please-We're British !"

Seasons Greetings

Cllr E Goodman  
Chair of CAC
