Dear fellow Labour Party member,

### LAP-DANCING

I enclose a copy news report. Please let me know why your sub-committee imposed such grundyst and impractical restrictions on the Secrets Club's Entertainment Licence. They seem to be based on the discredited premise of "No Sex Please-We're British." Who is trying to protect whom from what and why ?

I advise you to visit licensed adult entertainment in Continental cities. By immersing oneself in foreign cultures, one can better understand one's own national prejudices !

yours fraternally,

Cllr E Goodman  
Chair of Licensing Sub-Committee
