Dear Cllr Aherne,

SECRETS CLUB, HAMMERSMITH

I am in receipt of your offensive letter of the 10th. I am sad that you took exception to mine of the 5th. That was a fraternal message from one Labour Chair to his counterpart in another Council requesting information, so as to co-ordinate Party policy in different boroughs. It was not "unwarranted interference in the business of another borough" because your Panel had already made its decision and the subsequent court appeal had concluded. If you repeat that false assertion to a third ~~person~~ it will constitute libel.

Yours sincerely,

E Goodman
