Mr Mark Take [sic: Taha]

13 January 2000

Dear Mr Take

Thank you for your letter regarding the film THE DAM BUSTERS.

Unfortunately due to time restrictions because of local programming it was necessary to shorten the length of the film to meet the time slot.

We endeavoured to make the cuts as sensitively as possible so as not to distort the storyline and apologise if this spoilt your enjoyment of the film.

Please be assured that we have taken your comments on board and thank you for taking the time and trouble to contact us with your views.

Yours sincerely
