My Lord,

2002 AWARD CEREMONY

We are appalled that the obituary tributes included one for Mrs Mary Whitehouse, the pro-censorship campaigner. She represented everything which your organization should oppose. Why do you believe in appeasement of an enemy of freedom of artistic expression ?

This is a betrayal by BAFTA. Mrs Whitehouse and her National Listeners and Viewers Association called for the banning of several television programmes (eg "Until Death Do Us Part") and music (eg "My Dingaling"). You are supposed to defend the right to broadcast, not honour its opponents.

Yours for freedom of Expression,

Goodman

Chair of CAC.
