Sir,

PROSTITUTION

Further to your courageous (for Britain!) remarks about this subject, we enclose a copy of a letter we have written to Hilary Benn MP, the Home Office Minister piloting the Sexual Offences Bill through the Westminster Parliament. We request that you also contact him about this issue, to help force supine United Kingdom legislators to do something! Perhaps you could mention the recent Netherlands reform to him and ^{to} your fellow Party Members in the House of Commons?

Yours,

E Goodman
