Dear fellow member  
Of the Labour Party,

RE; PROSTITUTION

This country has the biggest prison population in the European Union. Why do you want to increase it by incarcerating men who pay or sex? Will your proposed law criminalise a male who copulates with a woman after buying her a meal?

I enclose a copy of my letter to the Home Secretary of 14<sup>th</sup> September 2007.

Yours fraternally,

E Goodman.
