Sir,

Certainly Lady Chatterley's Lover is a silly book (Letters, The Guardian, 20 November). The issue in 1960 was whether ordinary readers in the UK should be able to find out for themselves that it is a silly book without somebody breaking the law. The answer to the question was yes and that is what we have been celebrating.

Yours faithfully,

(Hon. Secretary)

Ted

Actually neither ever ~~was~~ now the letter-writer has got
all these facts right, but never mind.

M
