Dear Sirs,

SEX ESTABLISHMENTS IN PORTSMOUTH

Women pay to be allowed to perform in lap-dancing establishments, so that they can collect fees from the clientele. Similarly, women voluntarily perform in other sex establishments. It is thus part of their right of freedom of expression.

Censorship for consenting adults has no place in a democracy. Prudes have no right to prevent others from exercising freedom of expression.

In any event, Portsmouth is a naval town and sailors, after a tour of duty at sea, need and are lawfully entitled to have sexual recreation. It is thus an appropriate place for sex establishments.

Yours,

**E. Goodman
Chair of CAC**
