Dear Prime Minister,

FREEDOM OF EXPRESSION

We congratulate you on marching in support the above right in Paris on Sunday 11th January. We also, however, want to know why, at the same time, your government is imposing State Censorship on British websites (through the Audiovisual Media Services Regulations, which came into force on 1st December 2014). This has caused a storm of protest (including from the Deputy Prime Minister) and needs to be revoked.

Please let us know when this will be done and, if not, why not.

Yours for freedom of expression,

Edward Goodman
Chair of CAC.
