**Dear Madam,**

**STATE CENSORSHIP OF UK WEBSITES**

**I am a member of Unlock Democracy and believe it should send letters of protest about the 1st December 2014 Audiovisual Regulation imposing State censorship on British websites to the Secretary of State for Culture (who made the regulation) and BBFC (which defined the prohibitions). This is serious as it commences UK State censorship of the internet, thus striking at the root of democracy based on freedom of expression.**

**Yours for freedom of expression,**

**E. Goodman  
Chair of CAC.**
