PLEASE REPLY TO:-

Lord Morris

My Lord,

DIGITAL ECONOMY BILL 2ND READING 13TH DECEMBER 2016

This will make the UK one of the minority of countries that restrict access to the internet. Please, therefore, try to amend it.

The British Board of Film Classification is a private body , responsible to no-one but itself and exempt from the Freedom of Information Act. It prohibits much lawful material and should not be given power to arbitrarily block websites at will.

Yours for freedom of expression (even in the UK).

E. Goodman
Chair of CAC.

Goodman
